

Campbellsburg Station

8191 Main Street Campbellsburg KY, 40011

Pack up the entire family and spend the day at Campbellsburg Station! Campbellsburg Station is a multi-function facility consisting of a community center, picnic pavilion, and custom designed playground (The Train) located in the heart of Campbellsburg.

The community center is a 3200 square foot facility available for both public use and private rental. The facility hosts a large main room with seating available for approximately 120 people; a lounge with overhead projector and comfortable seating; warming kitchen; and ample restroom facilities.

The picnic pavilion is designed to resemble a train depot. There are (6) eight foot picnic tables; two charcoal grills; water, lighting, and electrical outlets. There are also two other picnic tables located on concrete pads near the back entrance of the community center.

“The Train” playground was custom designed for Campbellsburg Station and resembles an old locomotive train! There is a steam engine, coal car, tanker car, and caboose. It is guaranteed to provide hours of entertainment for your children.
